November 18, 2009

Dear patient:

I am writing to notify you that December 18, 2009 will be my last day of practice with Renaissance Women's Group. I have decided to take some time off from my medical practice to explore other career opportunities. The physicians of Renaissance Women's Group will maintain your medical records and assume care for any of your obstetric or gynecological needs after December 18th.

It has been a pleasure to care for you over these last several years. I wish each of you the best.

Sincerely,

Michele Gilbert, M.D.
